3rd international conference on asset and facility management *Asset and Facility Management "Resilience and Sustainability Organizations"*

BACKGROUND

Asset and facility management is an important subject in construction management that involves planning, managing and evaluating the performance of assets and facilities in any organizations including government and private entities. The subject aims to achieve the greatest return or effectively maintain the value of assets and facilities in order to sustain the business activities of the organizations in today's competitive world. Consequently, a strategic action is required that includes supporting the synergy among stakeholders involved in this area, such as academics, entrepreneurs, government and professionals, to formulate good concepts on how to manage assets and facilities. The postgraduate program of Civil Engineering at Bung Hatta University has been actively involved in this area and subsequently is committed to regularly hold an international conference on facility and asset management for every 2 years. This international conference is held to gather academics, entrepreneurs, government and professionals to share ideas and to formulate the concepts on how to manage asset and facility in which guarantees the sustainability of organizations.

CONFERENCE THEME

Asset and Facility Management "Resilience and Sustainability Organizations"

CALL FOR PAPERS

The conference will features oral presentations. Conference participants are welcome to share their experience on asset and facility management. Authors are invited to submit full-paper via electronic-mail (icasfam@bunghatta.ac.id) to secretariat that will be peer-reviewed. Those accepted for oral presentations are required to submit full-paper. The abstract and full-paper will be included in the conference proceeding and should be written in English. The title of the paper should appear centred in bold capital letters without underlining, near the top of the first page of the paper. The font type Times New Roman at a size of twelve (12) points is to be used. Use more than one line if you wish, but always use single-spacing. After one blank line, type the author(s) name(s) and affiliation, and e-mail address of lead author in upper and lower case letters centred under the title (Times New Roman font, 10 point size). The abstract should be written in MS word format outlining the aims, scope and conclusions of the paper in no more than 200 words. The abstract should be written in a single column, single space with all margins set to 2.5 cm. A maximum of 5 key words of the paper should be written under the abstract.
